SENIOR CLASS

RED OAK HIGH SCHOOL

HISTORY

Red Oak is a beautiful little country village, six miles from Nashville, the county seat of Nash, and ten miles from Rocky Mount. The community is characterized by good farms, good homes, good churches, and a good school. These things testify to the progressive spirit and unity of the people. Red Oak has had the school spirit for nearly forty years. The first high school was established in 1901 and was financed by private subscription. The school was under the management of Rev. Geo. W. May and Professor T. H. Sledge. When the State High School Law was passed in 1907, Red Oak was one of the first high schools to be established under the new law. The school has grown from a one-room building to six buildings,—two school buildings, two dormitories, and two teacherages.

The Farm-Life Department of the school was added in 1914. Mr. J. T. Jones donated to the school a beautiful farm of twenty-five acres. The community raised by private subscription and by bond issue sufficient money to put up a modern school building and to equip it for farm-life work. This marked the beginning of a more rapid growth of the school. Since that time teachers and equipment have been added each year and other buildings have been added as the demands have required. Red Oak is now a standard high school.

EQUIPMENT

Red Oak High School has two as good wooden school buildings as there are to be found in the State. The building erected in 1914 is now used by the elementary

grades. The school auditorium, containing four hundred and thirty opera chairs, is in this building. The high school building was erected in 1920. The building is used for the teaching of all high school subjects, Home Economics, and Agriculture. The two buildings contain eighteen class-rooms, well equipped with the best single desks, chairs, globes, and maps. The Home Economics Department is equipped with the best modern domestic science desks, a cooking range, four oil stoves, a kitchen cabinet, four sewing machines, running water, and other necessary equipment. The workshop is supplied with the necessary tools, and the laboratories are well equipped with apparatus and chemicals for teaching physics, chemistry and agriculture. The buildings are all lighted by electricity, and all will have running water by the beginning of the next session. The school buildings are heated by steam.

There are two teacherages, one of which is occupied by the superintendent and his family and the other by lady teachers. The dormitory for boys is under the supervision of the High School Principal and the Lady Principal has charge of the discipline in the dormitory for girls. The rooming and boarding facilities of the two buildings are sufficient to accommodate about one hundred pupils.

The school farm contains twenty-five acres, and is equipped with a large modern barn and farm machinery. The school owns a pair of mules, four milch cows, chickens, and hogs. It is desired to supply the dormitory as far as possible with food from the farm.

ADVANTAGES OF LOCATION

Red Oak is an excellent location for a high school. It lies in the midst of a good farming section, near Nash-

ville and Rocky Mount. Thus it has all the advantages of real country life and at the same time the conveniences of the city. Telephone service is convenient. Pupils have the advantage of preaching service each Sunday morning and night and Sunday School. Red Oak has two churches, Baptist and Methodist, and they are among the best rural church buildings in the State. Many of the temptations for idleness to be found in the towns and cities are not present. The location is as healthful as any in this section of the State. Deep wells furnish an abundant supply of good water.

ENTRANCE REQUIREMENTS

Pupils holding county seventh grade certificates are admitted to the high school without examination. All others wishing to enter the eighth grade are required to stand examination on entering. Those desiring to enter some grade above the eighth must bring certificate from former teacher or teachers showing all the work that has been done above the seventh. Blanks for this purpose will be furnished upon application. In addition, an entrance examination on English will be required.

Pupils entering the seventh grade from other schools must bring certificate of promotion.

COURSES OF STUDY

There are three distinct courses offered: The Academic Course and two Vocational Courses, one in Agriculture and one in Home Economics. To receive a diploma of graduation one must complete one of the courses as outlined:

ACADEMIC COURSE

FIRST YEAR	SECOND YEAR
English	English
Arithmetic	Algebra
Algebra	Latin
Latin	History
*Physical Geography	
THIRD YEAR	FOURTH YEAR
English	English
Algebra	Geometry
Geometry	Arithmetic
Latin	Latin
History	History
Civics	Physics
Chemistry	

*Elect two sciences. Two years Home Economics may be substituted.

AGRICULTURE COURSE

FIRST YEAR	SECOND YEAR
English	English

* Elect two sciences.

OUTLINE COURSE OF STUDY

FIRST YEAR

ENGLISH

Potter, Jeschke and Gillet: *Oral and Written English*. Three periods.

Literature: Selections from the *Old Testament*; the *Odyssey*, omitting Books I-VI and XV-XVII; George Eliot's *Silas Marner*; Irving's *Sketch Book*; Stevenson's *Treasure Island*.

Spelling: Webster's *Secondary School Dictionary*.
Two periods.

MATHEMATICS

Lennes and Jenkins: *Applied Arithmetic*. Fall Term.
Wentworth and Smith: *Academic Algebra*, to page 122.
Spring Term.

LATIN

D'Ooge: *First Year Latin*.

SCIENCE

Tarr: *New Physical Geography*.

SECOND YEAR

ENGLISH

Bolemius: *Everyday English Composition*. Three periods.

Literature: Dana's *Two Years Before the Mast*; Coleridge's *Ancient Mariner* and Lowell's *Vision of Sir Launfal*; Tennyson's *Gareth and Lynette*, *Lancelot and Elaine*; Shakespeare's *Merchant of Venice*; Hawthorne's *Twice Told Tales*.

Spelling: Webster's *Secondary School Dictionary*.

Two periods.

MATHEMATICS

Wentworth and Smith: *Academic Algebra*, to page 308.

LATIN

Complete *First Year Latin* (D'Ooge); Bennett: *Caesar* (Four Books).

HISTORY

Ashley: *Early European History*.

THIRD YEAR

ENGLISH

Lewis and Hosis: *Practical English for High Schools*.

Literature: Shakespeare's *Julius Caesar*; Bunyan's *Pilgrim's Progress*; Selections from *American Poetry*; Ruskin's *Sesame and Lilies*; Shakespeare's *As You Like It*.

Spelling: Webster's *Secondary School Dictionary*.

Three periods.

MATHEMATICS

Wentworth and Smith: *Academic Algebra*. Completed: Fall Term.

Wentworth and Smith: *Plane Geometry*. Two Books. Spring Term.

LATIN

Bennett: *Cicero*—Four Orations.

HISTORY

Ashley: *Modern European Civilization*.

SCIENCE

McPherson and Henderson: *Course in Chemistry*.

FRENCH

Fraser and Squair: *Shorter French Course, Easy French*.

FOURTH YEAR

ENGLISH

Lewis and Holic: *Practical English for High Schools*. Two periods.

Literature for Study: Shakespeare's *Macbeth*; Milton's *L'Allegro, Il Penseroso*, and *Comus*; Burke's *Conciliation with America*; Macaulay's *Life of Johnson*.

Literature for Reading: Blackmore's *Lorna Doone*; Carlyle's *Heroes and Hero Worship*.

Spelling: Webster's *Secondary School Dictionary*.

Three periods.

MATHEMATICS

Wentworth and Smith: *Plane Geometry*. Three Books. Fall Term. Wentworth and Smith: *Advanced Arithmetic*. Spring Term.

LATIN

Bennett: *Virgil*—Six Books.

HISTORY

Muzzy: *American History*. Three periods.

Ashley: *Civics*. Two periods.

SCIENCE

Millikan and Gale: *Physics*.

FRENCH

Read at least 300 pages.

WRITING

The Palmer Method Writing is used throughout the school. Each pupil is required to take writing. Two or three lessons a week will be given with a practice period each day. The writing materials will be furnished by the school at cost. The cost will be about as follows for the eight months:

Grades 1-3	\$.50
Grades 4-1175

TEACHER-TRAINING COURSE

A one-year course in teacher-training as outlined by the State Department of Teacher-Training is offered in the fourth year. Students who complete this course along with other requirements for graduation will be persented with an Elementary Term Certificate awarded by the State Department of Education, which entitles the holder to teach in any elementary grade in the State.

DISCIPLINE

The discipline of students attending Red Oak High School will not be extreme or hard, but it will be firm. Each student will be given as much freedom as is practicable, as long as he conducts himself in the proper manner. The faculty insists, first of all, that the students conduct themselves as becomes *ladies* and *gentlemen*. The school has no need of those who act otherwise and will not tolerate them. We want boys and girls who mean business. We have such rules and regulations as are necessary for a school the size of Red Oak. The boys and girls eat in the same dining hall, and at the same tables. This is done to encourage politeness and good table manners. Unnecessary conversation between boys and girls is not allowed. Board-

M. E. CHURCH

BAPTIST CHURCH

ing pupils must be in their rooms studying during study hours, 7 to 10 o'clock, and no visiting is allowed. All lights must be turned off and pupils in bed by the ringing of the 10:15 bell. The girls observe "Quiet Hour" on Sunday afternoons from 2 to 4:00 P. M. All pupils are required to attend Sunday school and church.

EXAMINATIONS AND REPORTS

The school year is divided into quarters. At the end of each quarter final examinations are given on the work covered during the quarter. Seventy is passing mark. At the end of each quarter reports are sent to parents of the work done and deportment.

LITERARY SOCIETIES

The literary societies will be reorganized upon a different basis this coming fall. Membership has been compulsory in the past, but hereafter it will be optional with the pupils. The boys' societies will meet at night and the girls' just after school.

Efforts will be made to make the society work a valuable part of the school work. It is hoped that the societies will give a public debate on February 22d.

Each society will have a fee of fifty cents per term.

ATHLETICS

A certain amount of exercise is necessary every day. Each boarding pupil is required to take at least thirty minutes exercise each day. This may be done in playing football, basketball, baseball, volleyball, tennis, or in calisthenics, or by using the playground apparatus. The Parent-Teacher's Association has provided the school with equipment for the playground. For the past two seasons Red Oak High School has put out a football

team. The teams made creditable showing. The baseball team won the championship of North Carolina in 1919 and 1921. Red Oak is the second school in the State to win the championship twice.

To play on any school team one must be a bona fide pupil in regular attendance and must make passing grades on a majority of his studies and comply with the rules of the Athletic Association.

LIBRARY AND READING ROOM

The school has a good library and reading room. Among other books are a ten-volume encyclopedia, a set of Ridpath's History of the World, a sixteen-volume set of Stoddard's Lectures, Knowledge Book of 20 volumes, and a number of reference books. The agricultural library contains nearly one hundred and sixty-five volumes. Other additions will be made from time to time. The library is well supplied with tables and chairs to be used in reading. Good reading material is supplied to the students, and they are encouraged and required to read as much as is practicable in connection with English, History, and other subjects of school work. Two daily newspapers, several weeklies, and seven magazines came to the reading room last year.

MUSIC

Realizing the importance of music, the committee has secured the services of exceptionally fine teachers for this department. The teachers will plan that the course shall be rational, systematic, and productive of musical thought and culture. Realizing that music has a two-fold purpose, namely, for training in those things which are essential in the development of the mind of the child,

and for appreciation in beauty and entertainment, much stress will be used in the principles of study which are essential for such work.

The school owns four pianos which are used in teaching and for practice by the pupils.

Public School Music has been added to our school work. Special effort will be made to get all pupils interested in singing. Pupils who desire may take lessons in Pipe Organ.

EXPENSES

One of the principal considerations of any school is, "What are the expenses?" It is not claimed for the Red Oak High School that it is less expensive than other schools, but that for the accommodations given and the instruction received it is as reasonable as any school in this section of the State. Board will be furnished for \$15.00 per month, payable in advance each month. The school farm and dairy run in connection with the boarding department are big items in securing good board at a nominal cost. Room and light are furnished in the dormitories at \$2.50 or \$3.00 per month, payable in advance. To engage room in the dormitories a deposit of first month's room rent is required. All school bills are required to be paid monthly in advance.

TUITION

Tuition charges are as follows:

All pupils in grades from 1-7 living in Nash County, but outside of Red Oak School District, will pay tuition for two months, fourth and eighth months.

Grades 1-3	\$2.50 per month
Grades 4-7	\$3.00 per month

No charge for tuition for high school pupils living in Nash County.

All pupils who live outside of Nash County will pay tuition for the full eight months, as follows:

Grades 1-3.....	\$2.50 per month
Grades 4-7.....	\$3.00 per month
Grades 8-9.....	\$4.00 per month
Grades 10-11.....	\$5.00 per month

SUMMARY

Room and light, per month (two in room) each..	\$ 3.00
Room and light, per month (four in room) each..	2.50
Board, per month (28 days).....	15.00
Board—five-day boarders	13.00
Piano, per month	4.00
Pipe Organ, per month	5.00
Breakage deposit	2.00
Writing Materials:	
Grades 1-350
Grades 4-1175
Society fee50
Tuition fee, per month, \$2.00 to \$5.00.	

MISCELLANEOUS

1. It is very important that students be present the first day. Late entrance always puts one behind.

2. It is much better for a student to enter Red Oak High School as soon as the seventh grade examination is passed. Then he has the choice of any course given. Often pupils who have completed one or more years of high school work elsewhere wish to come to Red Oak and continue their work and take Agriculture or Home Economics. A pupil who has had no Agriculture or Home Economics has to begin with the first-year work.

BOARDING GIRLS

BOARDING BOYS

Pupils thus misgraded often find that conflicts in the schedule of recitations prevent their taking exactly the course they want.

3. Boarding students must furnish their own bed linen, pillows, towels, and such toilet articles as are desired.

4. Each boarding student is held responsible for the condition of his or her room, and for any damage to property therein. The rooms must be in order by 8:30 A. M., after which time inspection will be made.

5. Any complaints which the pupils or parents have to make should be made directly to the Superintendent. Parents are asked to notify him of any complaints made by their children.

6. Smoking cigarettes, using profane language, hazing, and the use of intoxicants are positively prohibited.

7. Unnecessary visiting by the boarding pupils is not allowed. Boarding pupils must not leave Red Oak without first getting permission from the person in charge of the dormitory in which he or she rooms. A request to visit must be made to the proper person at least three days before the time desired to make the visit and the request must be accompanied with written permission from parents.

8. If parents find their children spending more money at Red Oak than is necessary, they should notify the Superintendent.

9. Do not ask for books to be charged. The school keeps text-books for convenience of pupils. Leave sufficient money with the pupil to buy his books—from \$5.00 to \$7.00.

Pupils in first and second grades will pay a fee on entering and all books, tablets, pencils, etc., will be furnished by the school.

HONOR ROLL

The object of this honor roll is to keep constantly before the pupils things worth while. To make the honor roll a score of 125 points is necessary. The score is made at the end of each quarter and the honor roll read before the school and posted. The names of those who make the honor roll each quarter during the session will be put in the catalog. The score is as follows:

	POINTS
1. Representing the society in debate.....	25
2. Representing the society in declamation or recitation	15
3. Making one or more class teams.....	15
4. Making one or more school teams.....	40
5. General good behavior	50
6. Spending two hours per week in library.....	25
7. A grade of 90 on two subjects.....	20
8. An average grade of 90 or more on all subjects.....	50
9. Not being tardy during a quarter.....	15
10. Not being absent during a quarter.....	25

The following made the honor roll each quarter during the year:
